2024 Benefit Updates (continued)

NEW!

Dependent Care Flexible Spending Account

MPC will offer a Dependent Care Flexible Spending Account (DCFSA). The DCFSA is administered by Inspira Financial. A regular full-time or part-time employee can elect to contribute a minimum of \$120 to a maximum of \$5,000 (\$2,500 if married and filing separately). Your contributions will be taken through equal payroll deductions on a pre-tax basis during the time period in which you are a participant in the DCFSA.

Due to Internal Revenue Code (Code) rules, if you are considered a **highly compensated employee**, your contribution will be limited to an amount yet to be determined. (If you are a highly compensated employee, these limits may be reduced to comply with Code nondiscrimination testing requirements. Any such reductions will occur in Q1 2024 or as otherwise determined by the plan administrator.)

The DCFSA allows you to contribute pre-tax money in to the DCFSA to reimburse yourself for the cost of qualifying expenses for the care of your dependent child(ren) under age 13, physically or mentally impaired dependent child(ren) of any age, incapacitated spouse (as recognized under federal tax law) and/or other qualifying person under IRS rules. The care provided must allow you and your spouse, if married, to work.

For more information on the DCFSA, visit [page 25](#) of this guide.

Health Savings Account (HSA)

The HSA contribution limits will **increase** in 2024. Employees enrolled in the Saver HSA Health Plan option, with Employee Only coverage, may contribute a maximum amount of \$4,150, less the company \$500 contribution. Employees who have dependents enrolled may contribute a maximum of \$8,300, less the company's \$1,000 contribution.

HSA Limits

Employee Only Maximum	\$4,150
Company Contribution	\$500
Employee Contribution	\$3,650
Employee + Dependent(s) Maximum	\$8,300
Company Contribution	\$1,000
Employee Contribution	\$7,300
Employee Catch-Up Contribution age 55 or above at any time in 2024	\$1,000

The IRS governs the HSA contribution limits. MPC may amend contribution limits based on these regulations, provided it is administratively feasible.

Only employees who are enrolled in the HSA for the entire calendar year will receive the full (\$500 or \$1,000) Company contribution.

2024 Benefit Updates (continued)

Domestic Partner Coverage

Domestic partners who are enrolled in Marathon Petroleum's Health, Dental and Vision Plan(s) will be eligible to continue enrollment past the age of 65. While domestic partners are able to maintain coverage through MPC, enrollment in Medicare will still be required by the Social Security Administration in order to avoid penalty. Coverages elected through MPC will be billed as primary (as long as the employee is actively working).

Parental Leave

In 2024, MPC will **increase** parental leave for birthing mothers.

- **10 weeks** parental leave for natural birth (6 weeks for recovery and 4 weeks for bonding)
- **12 weeks** parental leave for a cesarean birth (8 weeks for recovery and 4 weeks for bonding)

Non-birthing parents paid parental leave will remain at four weeks for bonding.

This change applies to any births that occur on or after January 1, 2024.

Fertility Benefits

Coverage for fertility benefits for employees enrolled in the Classic and Saver HSA Health Plan options will no longer require a diagnosis of infertility. Fertility treatments for IVF or AI will **increase** from 1 cycle to a maximum of **3 cycles**. The lifetime maximum for covered fertility prescription drugs will **increase** from \$15,000 to **\$20,000** in 2024.

Adoption Assistance

The lifetime maximum for adoption assistance will **increase** from \$15,000 to **\$20,000** in 2024.

Surrogacy Assistance

In 2024, MPC will provide up to **\$20,000** (lifetime maximum) financial assistance for employees who obtain the services of a surrogate where permitted by law.

Additional Family Benefits

Through Anthem's partnership with Maven, employees will have virtual access to four new clinical support programs in 2024. Maven's programs provide free 24/7 virtual access to top-rated providers via unlimited video appointments, messaging and classes.

- **All Regular Full-Time/Part-Time Employees** will have access to two new virtual programs, Fertility and Family Planning, as well as Maternity and Newborn Care. These programs offer support for areas such as preconception, adoption, surrogacy, male fertility, as well as infant sleep, lactation consultants, breast milk shipping and mental health.
- **Classic & Saver HSA Health Plan Members** will have access to two additional virtual programs, Parenting and Pediatrics and Menopause and Ongoing Care. Members will have access to support regarding pediatric care, parent coaching, mental health as well as perimenopause, menopause, postmenopause and symptom management.

More information about these programs will be available in 2024.

Thrift Plan - Student Loans

In 2024, employees have an additional option for earning company matching contributions to the Thrift Plan. Payments on qualified student loan debt can be used to earn the Company match in the Thrift Plan, even if you do not make contributions to the Plan. The maximum available match remains 7.02% of eligible pay (117% match on up to 6% of eligible pay). Additional details on how to register for this option will be provided in the fourth quarter of 2023.

Employee Assistance Program (EAP)

The Employee Assistance Program will now provide up to **10 free counseling sessions** per member, per issue, per year in 2024. This is an **increase** from the 8 sessions previously offered.

This concludes the Annual Enrollment section of the benefits guide as it relates to 2024 changes.

The following pages include a comprehensive summary of MPC's benefit plans and resources.

Being actively engaged in your company benefits will keep you informed and help you make the best decisions for you and your family. The choices you make today will determine the type and level of coverage you have for 2024.

Note: Enrolling in health and dental coverage as an employee and as a dependent of an employee simultaneously will not result in additional benefits under the Health and Dental Plans.

Making Changes During the Year

The benefits elections you make will be in effect through December 31, 2024. You may only make changes if you experience a change in your work or family status during the year, which is also known as a **qualifying life event**.

Examples of a **qualifying life event** are marriage, divorce, birth or adoption of a child or change in a dependent's employment. All changes to your benefits must be consistent with your family status change.

For any qualifying life event, you have 31 days, including the date of the event, to make changes to your benefits as well as provide the necessary documentation in Workday Benefits. If you don't, you must wait until the next Annual Enrollment period to make a change. Click [here](#) for instructions on how to make benefit changes due to a qualifying life event.

If you go on a leave of absence, the status of your benefits may be affected. More information can be found [here](#).

Prescription Drugs (Rx)

The prescription drug coverage is administered by [Express Scripts](#) and is included with your Health Plan coverage. Your prescription drug costs will depend on the Health Plan option you elect, whether you purchase at a retail pharmacy or through mail order, and the type of prescription drugs you buy (i.e., generic or brand name).

All prescription and specialty drugs **MUST** be purchased through Express Scripts mail order or at a participating network pharmacy, or there will be no coverage from the Plan.

** Certain generic preventive drugs under the Saver HSA option are covered at 100%. A list of these drugs can be found at www.myMPCbenefits.com.

Maintenance Medications

If you take medications on an ongoing basis for chronic conditions, they are classified as maintenance drugs, and you will need to purchase a [90-day supply](#) from the Express Scripts mail order pharmacy or through Smart90 Walgreens (see below).

Express Scripts Mail Order

Your maintenance medications can be filled by [Express Scripts](#) and mailed to your home. Let your provider know to write your prescription for a 90-day supply and send it to Express Scripts.

Smart90-Walgreens

As an alternative to the mail order pharmacy from Express Scripts described above, you can choose to receive your maintenance medications supplied through a Walgreens pharmacy. For more information, click [here](#) or call Express Scripts at 1-877-207-1357.

SaveOnSP Program

Members in the Classic Health Plan option who enroll in the free program can receive [certain specialty medications](#) at a \$0 copay.

ID Cards

Express Scripts ID cards can be accessed by visiting the Express Scripts mobile app or by visiting www.express-scripts.com.

PRIOR AUTHORIZATION AND STEP THERAPY:

Prior authorization and step therapy encourage safe, cost-effective medication use by allowing coverage when certain conditions are met.

If the formulary indicates you need prior authorization or step therapy (which requires the previous use of one or more medications before coverage for a specific drug is provided), your physician will need to submit a request to Express Scripts for approval. Contact Member Services at 1-877-207-1357 for assistance.

Accredo is the Express Scripts Specialty Pharmacy. Our plan requires that certain medications be obtained through Accredo. These medications require injection or infusion and have special shipping and handling needs. Find out if your medication is considered a specialty drug by calling the Accredo Specialty Pharmacy at 1-800-803-2523.

Flexible Spending Account (FSA)

The MPC Health Care Flexible Spending Account (FSA) is administered by [Inspira Financial](#) and available if you select the Classic option, Kaiser HMO or waive coverage under the Health Plan. The FSA allows you to save pre-tax money to help pay for eligible medical, dental or vision expenses for you and your tax dependent(s) throughout the year.

- The maximum annual contribution is \$3,050 (minimum is \$120 annually).
- Your FSA contributions are divided evenly throughout the year and deducted from each paycheck before taxes are withheld, but your full election is available for immediate use.
- Use the money in this account to pay for [eligible out-of-pocket health care](#), dental and vision expenses for yourself, your spouse or for any person you claim as a dependent on your federal income tax return, including family members who are not covered under other Marathon Petroleum plans.
- Eligible expenses (including deductibles, coinsurance and copays) are for services incurred between the date you enroll and December 31, 2024. Keep in mind that FSA claims must be filed by May 31, 2025.
- You are able to carry over up to \$610 into 2025.

Limited Purpose Flexible Spending Account (LPFSA)

If you are enrolled in the Saver HSA Health Plan option, you can enroll in a Limited Purpose Flexible Spending Account (LPFSA) that is limited to paying for **eligible dental and vision expenses**.

Key Features

Contribute pre-tax dollars from your paycheck, up to the IRS limit of \$3,050 (minimum is \$120 annually).

- Your FSA contributions are divided evenly throughout the year and deducted from each paycheck before taxes are withheld, but your full election is available for immediate use.
- The LPFSA works great with an HSA, since it helps save your HSA dollars for future expenses.
 - Eligible expenses may include:
 - Dental and orthodontia care, such as fillings, X-rays and braces
 - Vision care, including eyeglasses, contact lenses and LASIK surgery
- Once you meet your deductible, you can use your funds to pay for **all eligible health care expenses**. First make sure you let Inspira Financial know you met your deductible by completing the [Post Deductible Certification Form](#) and submit the EOB that shows your deductible has been met.
- Eligible expenses are for services incurred between the date you enroll and December 31, 2024. LPFSA claims must be filed by May 31, 2025.
- You are able to carry over up to \$610 into 2025.

Other Claims Payment Options

If you have eligible claims not paid by the Inspira Financial debit card, you can file a [paper claim](#) with Inspira Financial for reimbursement from your FSA or LPFSA. Claims may be uploaded from the Inspira Mobile app, submitted online, faxed or mailed.

Inspira Financial has a mobile app to help you manage your FSA and Limited Purpose FSA.

Health Savings Account (HSA)

The Health Savings Account is administered by [Fidelity](#) and allows you to set aside pre-tax money to help pay for eligible medical, dental or vision expenses for you and your tax dependent(s) throughout the year. The money in your HSA is yours to keep – even if you leave or retire from MPC.

How to Enroll

If you enroll in the Saver HSA Health Plan option and want to participate in the Health Savings Account, you will also need to enroll in the HSA in Workday.

- Elect the Saver HSA Health Plan option in Workday.
- Elect the Health Savings Account in Workday.
- Designate the amount you would like to contribute. You don't have to contribute to receive MPC's contribution.
- Accept the terms and conditions at the end of your enrollment. This allows MPC to provide funding to Fidelity on your behalf.

Newly enrolled employees can begin contributions to their accounts on the first of the month, following enrollment in the HSA. After your HSA is opened, you will receive a Fidelity HSA debit card and MPC will begin contributing to your HSA within 2-3 payroll cycles.

HSA participants may elect to change their contributions anytime during the year, prospectively.

For more information, please contact a Fidelity HSA representative at 1-800-544-3716.

Key Features

- Triple-tax advantaged account. No taxes on contributions, no taxes on HSA investment earnings and no taxes when you use it. For a complete list of eligible expenses, refer to [IRS Publication 502](#).
- MPC contributes to your HSA account each pay period that you are a participant and your HSA account is in good order. Receive up to \$500 if enrolled in Employee Only coverage and up to \$1000 if enrolled in Employee + Dependent(s) coverage, when enrolled the entire plan year.
- Your HSA balance rolls over from year to year so you can use it to save for future health care expenses even after you retire.
- If you leave the Company or retire, you can take your entire HSA with you, including MPC's contributions.
- You can choose investments for your account from a broad range of options, including a full range of Fidelity mutual funds, non-Fidelity funds and individual stocks and bonds.

HSA Eligibility Rules

- You must be enrolled in the high deductible health plan option (Saver HSA).
- You cannot be claimed as a dependent on someone else's tax return.
- You cannot have any other non-high deductible medical coverage (such as through your spouse's employer).
- If you or your dependent(s) are 65 and/or Medicare eligible, special rules apply. Please consult a tax advisor.
- If you are eligible for Veteran's benefits or TRICARE, special rules apply. Please consult a tax advisor.
- HSA dollars cannot be used on your Domestic Partner unless the Domestic Partner is your qualified tax dependent.
- You (or your spouse) cannot contribute to, or receive reimbursement from, a regular Health Care Flexible Spending Account (FSA).
- HSA participation can only begin on the **first of the month following your enrollment**.

IMPORTANT! It is the responsibility of each HSA owner to ensure that he or she satisfies applicable HSA eligibility rules and complies with applicable contribution limitations. Contributions that are made by ineligible owners and contributions in excess of IRS prescribed limits are taxable to the owner and subject to an excise tax imposed on the HSA owner, unless distributed to the HSA owner within IRS-prescribed time frames. It is the HSA owner's responsibility to request a distribution of excess contributions (including Company contributions) within such time frames in order to avoid the excise tax.

Dependent Care Flexible Spending Account (DCFSA)

The DCFSA is a pre-tax benefit account administered by [Inspira Financial](#) that you can use to pay for [eligible dependent care services](#). It allows you to set aside money for dependent care expenses while saving money on taxes. **The DCFSA cannot be used for medical expenses.**

Deadline to Submit Claims	May 31, 2025

* If you and your spouse are both eligible to contribute to a Dependent Care Flexible Spending Account through your respective employers, you are only eligible to contribute a combined annual maximum of \$5000 between the two accounts. Expenses reimbursed under your DCFSA may not also be reimbursed under your Spouse's DCFSA and vice versa. Employees who are determined to be highly compensated after non-discrimination testing may have their election lowered to an amount yet to be determined and will be notified early 2024.

The Marathon Petroleum Dependent Care Flexible Spending Account is administered by Inspira Financial and available to all regular full-time/part-time employees.

The DCFSA allows you to contribute pre-tax money and reimburse yourself for the cost of qualifying expenses for the care of your dependent child(ren) under age 13, physically or mentally impaired dependent child of any age, incapacitated spouse (as recognized under federal tax law) and/or other qualifying person under IRS rules.

For an expense to be eligible for reimbursement, your expenses must be work-related. This means that your dependents need care so that you can work. If you are on a leave of absence, including parental leave, you will not be able to submit claims for reimbursement for services that occurred during this time, since you were not actively at work.

IRS participation rules require that you and your spouse must be working, unless your spouse is a full-time student, actively looking for work, or unable to care for themselves.

- The maximum annual contribution is **\$2,500** if you are married filing a separate tax return. If you are single, or married filing jointly, the annual contribution limit is **\$5,000**. Due to Internal Revenue Code (Code) rules, if you are considered a **highly compensated employee**, these limits may be reduced to comply with Code nondiscrimination testing requirements. Any such reductions will occur in Q1 of the new Plan year or as otherwise determined by the plan administrator.) The effected employees will be notified if their contribution is lowered.
- Your DCFSA pre-tax contributions are deducted from your paycheck evenly throughout the year.
- As you contribute funds to your DCFSA each pay period, those funds become available for you to submit claims for reimbursement of eligible incurred expenses.
- Use the money in this account to pay for [eligible dependent care expenses](#).

Examples of eligible expenses include, but are not limited to child/adult daycare, before/after school programs, preschool, care for a disabled person, au pair fees, etc. **The DCFSA cannot be used for medical expenses.**

For a more complete list of eligible expenses, refer to [IRS Publication 503](#).

- Eligible expenses are for services incurred between the **date you enroll and March 15, 2025**. Claims must be filed by **May 31, 2025**.
- You must actively elect to participate in the DCFSA each year, as unspent funds do not roll over from year to year. Any unspent funds not claimed by **May 31, 2025**, will be forfeited.

Thrift Plan

To help you build a secure financial future, MPC offers a Thrift Plan, commonly known as a 401(k) Plan.

Plan Highlights

- MPC offers a Company Match contribution of \$1.17 per \$1.00 contributed on your pre-tax, after-tax and/or Roth deferral contributions up to an aggregate of 6% of your gross pay. That means you can contribute 6% of your pay to get the maximum 7% match from the Company.
 - You can also earn a Company Match by making qualified student loan payments. The total maximum match available remains 7% of your eligible pay. Employees must register with Fidelity to take advantage of this feature.
- Eligible employees are immediately 100% vested (i.e., have ownership) in Company-matching contributions, and you are always 100% vested in your own contributions.
- You may contribute to the Plan by electing contributions of up to 75% of gross pay combined for pre-tax, roth, after-tax, subject to dollar limits.
 - Employees determined by the IRS to be highly compensated may have additional limitations. For example, highly-compensated employees can make after-tax contributions of 1% or 6%.
- If you will reach age 50 or older by the end of the calendar year, you can take advantage of a catch-up contribution, which enables you to make additional Roth and/or pre-tax contribution to the Thrift Plan up to annual dollar limits regulated by the IRS.
- You can direct your investments and the Company's contributions in a variety of investment options, including Company stock, mutual funds or a stable value fund.
- While you are employed with MPC, you have access to your Thrift Plan accounts through a loan provision and a partial withdrawal feature that is subject to Plan guidelines. If you leave MPC, subject to Plan provisions, you may elect to:
 - Take the value of your vested accounts as a single lump-sum payment or in installments.
 - Leave the money in the Plan.
 - Roll the money over to another tax-advantaged plan.

How to Enroll

You enroll for this plan separately from your medical, dental, life insurance and other benefits - and you can do so at any time. Enroll in the Thrift Plan anytime through Fidelity's NetBenefits website or by calling Fidelity at 1-866-602-0595.

To enroll:

- Visit netbenefits.com.
- Click on the welcome banner at the top of the page.
- Click on Start Easy Enroll or Start Standard Enrollment and follow the prompts.
- Don't forget to designate your beneficiary online during your enrollment.

Important: If you made pre-tax or Roth contributions with another employer during this calendar year, we must be made aware of the amount of those contributions so you do not exceed IRS contribution limits. These amounts should be reported by creating a Case in Workday and select the Retirement Savings Case type. Visit Workday and type create a Case to get started.

The Plan accepts rollovers from other qualified plans, as long as eligibility requirements are met. You may request a rollover packet yourself, once you are logged in to NetBenefits.

Retirement Plan

MPC provides a Retirement Plan to help provide you with income once you retire. To be eligible to participate in the Retirement Plan, you must be a regular full-time, regular part-time or casual employee. Coverage is provided automatically when you begin employment; enrollment is not necessary.

The vacation available to you during the calendar year you are hired is based on your month of hire and your normal scheduled hours. In subsequent years, employees become eligible for a vacation benefit under the Normal Vacation Benefit Schedule on January 1 of each calendar year, based on the amount of service that will be completed in that calendar year. At the end of each calendar year, any earned but unused vacation benefit will remain in your Vacation Bank for the following calendar year; however, the amount of vacation benefit in your Vacation Bank at any one time cannot exceed two times the amount of vacation you earn for a calendar year under the Normal Vacation Benefit Schedule.

Holidays

The following paid holidays are observed in locations that follow the corporate holiday schedule: New Year’s Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Day after Thanksgiving, Christmas Day, one additional day at Christmas and two floating holidays. See the schedule [here](#).

Sick Benefit Plan

Paid Sick Leave

The Paid Sick Leave Program provides 7 days of paid leave each calendar year for eligible employees. Employees may carry-over unused Paid Sick Leave on December 31 to the following calendar year, with the benefit for the new year subject to the 14-day overall cap; at no time can Paid Sick leave exceed a total of 14 days.

The Paid Sick Leave Program is intended to be used for occasional and brief illnesses and as a bridge to the Short Term Disability Program, if needed. Paid Sick Leave can also be used for routine health care or to meet specific needs for qualifying members or other close personal relations, as defined in the Paid Sick Leave Program.

Short-Term Disability

For medical conditions of longer duration, continuation for all or part of your regular pay is in the form of STD benefits. Benefits are based on your length of service and range from three weeks of full sick pay upon your date of hire, to 26 weeks of full pay beginning at 13 years of service. There is a 7-day waiting period before benefits begin. The seven day waiting period can be covered by available Paid Sick Leave. Plan details and a schedule of benefits can be found [here](#).

Please consult local HR for more information. Please note that Collective Bargaining Agreements may have differing benefits.

Paid Parental Leave

MPC provides paid parental leave for births, adoptions, and foster placement. Birthing parents receive 10 weeks for a natural birth and 12 weeks for a cesarean section, paid at 100%. Non birthing parents are eligible for 4 weeks of paid parental leave. For more details, please see the Paid Parental Leave Policy [here](#).

Family Leave

Under the Family Medical Leave Act (FMLA), eligible employees are entitled to up to a total of 12 workweeks (maximum) of unpaid Family Leave during an applicable 12-month period for the serious illness of a family member.

By law, to be eligible for a Family Leave qualifying under FMLA, you must be employed with the Company for at least 12 months and have worked for at least 1,250 hours during the previous 12-month period. **However, under current company policy, the service requirement has been waived for Family Leave related to an employee's birth of his/her own child and for an employee's adoption/foster care placement of a child.**

In addition to the reasons listed above, the Family Medical Leave Act (FMLA) has been expanded to:

- Include "qualifying exigency," which is related to a family member's call to active duty; and
- Allow a 26-week unpaid FMLA leave for employees to care for a close family member who suffers a serious injury or illness while serving in the United States Armed Forces.

Contact your local Human Resources Business Partner for further information.

If an employee is off for their own serious medical condition, please reference the [Medical Leave Policy](#).

Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN ACCESS THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Who Will Follow This Notice

This Notice describes the legal obligations of the Marathon Petroleum Health Plan, Health Plan, Dental Plan, Pre-65 Retiree Dental Plan, Vision Plan, Vision Plan, Employee Assistance Program, Health Care Flexible Spending Account Plan and Exchange Health Reimbursement Account Plan (individually, called a “Plan”, and collectively, the “Plans”), under the Health Insurance Portability and Accountability Act of 1996 and the Health Information Technology for Economic and Clinical Health Act (in this Notice these two laws are referred to as “HIPAA”). Individuals who are enrolled in the Kaiser HMO coverage option under the Marathon Petroleum Health Plan will receive a separate Notice of Privacy Practices from Kaiser.

We are required to provide this Notice of Privacy Practices (“Notice”) to you pursuant to HIPAA.

Effective Date

This Notice is effective July 1, 2023 and it replaces the prior version of the Notice.

Our Commitment Regarding Medical Information

Marathon Petroleum Company LP and the administrators of the Plans (referred to in this Notice as “we”) understand that medical information about you and your health is personal. We are committed to protecting medical information about you. We create a record of the health claims reimbursed under the Plans for plan administration purposes. This Notice applies to all medical records we maintain under the Plans. Your personal doctor or health care provider may have different policies and notices regarding the doctor’s use and disclosure of your medical information created in the doctor’s office or clinic. The Plans are required by law to:

- Maintain the privacy of your Protected Health Information (“PHI”);
- Provide you a copy of the Plans’ uses and disclosures of PHI;
- Provide you with certain rights with respect to your PHI;
- Inform you of your right to file a complaint with the respective Plan and to the Secretary of the U.S. Department of Health and Human Services; and

- Inform you of the person or office to contact for further information about the respective Plan’s privacy practices.

The term “PHI” includes all individually identifiable health information (including genetic information) created, collected or received by a health care provider, a health care clearinghouse, a health plan or your employer on behalf of a group health plan and regardless of form (oral, written, electronic), that relates to your past, present or future physical or mental health or condition; the provision of health care to you; or the past, present or future payment for the provision of health care to you.

Section 1. Notice of PHI Uses and Disclosures

The Plans are permitted by HIPAA to use and disclose your PHI without written authorization for certain legally permitted purposes or in certain situations, as described below. In all instances, the Plans will limit the use or disclosure of your PHI to the “minimum necessary” use or disclosure.

Required PHI Uses and Disclosures

Upon your request, each Plan is required to disclose to you certain PHI in order to inspect and copy it. We are also required, upon request, to provide you with an accounting of most disclosures of your PHI if the disclosure was for reasons other than for payment, treatment, or health care operations, and if the PHI was not disclosed pursuant to your individual authorization.

Use and disclosure of your PHI may be required by the Secretary of the U.S. Department of Health and Human Services to investigate or determine the respective Plan’s compliance with the HIPAA privacy regulations.

Uses and Disclosures to Carry Out Treatment, Payment and Health Care Operations

As permitted by law, the Plans and their respective business associates will use PHI without your consent, authorization, or an opportunity to agree or object to carry out treatment, payment and health care operations. The Plans also will disclose PHI to the “Plan Sponsor”, Marathon Petroleum Company LP, and its subsidiaries for purposes related to treatment, payment and health care operations. The Plan Sponsor has amended the respective Plan document to protect your PHI as required by federal law. All of the ways we are permitted to use and disclose information will fall into one of the below-described categories.

Treatment is the provision, coordination or management of health care and related services. It also includes, but is not limited to, consultations and referrals between one or more of your providers. For example, the Plans may disclose to a treating

orthodontist the name of your treating dentist so that the orthodontist may ask for your dental X-rays from the treating dentist.

Payment includes, but is not limited to, actions to make coverage determinations and payment (including billing, claims management, subrogation, plan reimbursement, reviews for medical necessity and appropriateness of care and utilization review and pre-authorizations). For example, the Plans may tell a doctor whether you are eligible for coverage or what percentage of the bill will be paid by the Plans.

Health care operations, but are not limited to, quality assessment and improvement, reviewing competence or qualifications of health care professionals, underwriting, premium rating and other insurance activities relating to creating or renewing insurance contracts. It also includes disease management, case management, conducting or arranging for medical review, legal services and auditing functions including fraud and abuse compliance programs, business planning and development, business management and general administrative activities. The Plans are prohibited from using or disclosing PHI that is genetic information about an individual for underwriting purposes.

For example, the Plans may use information about your claims to refer you to a disease management program, project future benefit costs or audit the accuracy of its claims processing functions.

Business Associates. The Plans may contract with individuals or entities to perform various functions on the Plans' behalf or to provide certain types of services ("Business Associates"). To perform these functions, the Business Associate will receive, create, and maintain your PHI, but only after, the Business Associate agrees in writing with the Plan to implement appropriate safeguards regarding protection of your PHI. These uses and disclosures are necessary to administer each Plan. For example, the Plan may give your information to a Business Associate to refer you to a disease management program, project future benefit costs, or audit the accuracy of its claims processing, but only after the Business Associate enters into a Business Associate Agreement with Plan.

As Required By Law. The Plans will disclose PHI about you when required to do so by federal, state or local law. For example, the Plans may disclose medical information when required by a court order in a litigation proceeding such as a malpractice action.

To Avert a Serious Threat to Health or Safety. When consistent with applicable law and standards of ethical conduct if the Plans, in good faith, believe the use or disclosure is necessary to prevent or lessen a serious and imminent threat to the health or safety of a person or the public and the disclosure is to a person reasonably able to prevent or lessen the threat, including the target of the threat. For example, the Plans may disclose your PHI in a complaint proceeding regarding the licensure of a physician.

Special Situations

In addition to the above, the following categories describe other possible ways that the Plan may use or disclose your PHI. Not every use or disclosure in a category will be listed; however, all of the ways we are permitted to use and disclose information will fall within one of the categories.

Organ and Tissue Donation. If you are an organ donor, the Plans may release PHI to organizations that handle organ procurement or organ, eye or tissue transplantation or to an organ donation bank, as necessary to facilitate organ or tissue donation and transplantation.

Military and Veterans. If you are a member of the armed forces, the Plans may release PHI about you as required by military command authorities. The Plans may also release PHI about foreign military personnel to the appropriate foreign military authority.

Workers' Compensation. The Plans may release PHI about you to the extent necessary to comply with Workers' Compensation or other similar programs established by law. These programs provide benefits for work-related injuries or illness.

Public Health Risks. The Plans may disclose PHI about you for public health activities. These activities generally include the following:

- to prevent or control disease, injury or disability;
- to report births and deaths;
- to report child abuse or neglect;
- to report reactions to medications or problems with products;
- to notify people of recalls of products they may be using;
- to notify a person who may have been exposed to a disease or may be at risk for contracting or

- spreading disease or condition;
- to notify the appropriate government authority if the Plan believes a Plan participant has been the victim of abuse, neglect or domestic violence. The Plan will only make this disclosure if you agree or when required or authorized by law;
- to notify a school of proof of immunization related to an individual who is a student or prospective student of the school.

Health Oversight Activities. The Plans may disclose PHI to a health oversight agency for activities authorized by law. These oversight activities include, for example, audits, investigations, inspections and licensure. These activities are necessary for the government to monitor the health care system, government programs, and compliance with civil rights laws.

Lawsuits and Disputes. If you are involved in a lawsuit or a dispute, the Plans may disclose PHI about you in response to a court or administrative order. The Plans may disclose PHI about you in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute, but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.

Law Enforcement. The Plans may release PHI if asked to do so by a law enforcement official:

- in response to a court order, subpoena, warrant, summons or similar process;
- to identify or locate a suspect, fugitive, material witness, or missing person;
- about the victim of a crime if, under certain limited circumstances, the Plans are unable to obtain the victim's agreement;
- about a death if the Plan believes the death may be the result of criminal conduct;
- about criminal conduct; and
- in emergency circumstances to report a crime; the location of the crime or victims; or the identity, description or location of the person who committed the crime.

Coroners, Medical Examiners and Funeral Directors. The Plans may release PHI to a coroner or medical examiner. This may be necessary, for example, to identify a deceased person or determine the cause of death. The Plans may also release PHI about patients of the hospital to funeral directors as necessary to carry out their duties.

National Security and Intelligence Activities. The Plans may release PHI about you to authorized federal officials for intelligence, counterintelligence, and other national security activities authorized by law.

Inmates. If you are an inmate of a correctional institution or under the custody of a law enforcement official, the Plans may disclose PHI about you to the correctional institution or law enforcement official. This disclosure must be necessary (1) for the institution to provide you with health care; (2) to protect your health and safety or the health and safety of others; or (3) for the safety and security of the correctional institution.

Research. The Plans may disclose your PHI to researchers when: (1) the individual identifiers have been removed; or (2) when an institutional review board or privacy board has (a) reviewed the research proposal; and (b) established protocols to ensure the privacy of the requested information, and approves the research.

Required Disclosures

The following is a description of disclosures of your PHI we are required to make.

Government Audits. We are required to disclose your PHI to the Secretary of the U.S. Department of Health and Human Services when the Secretary is investigating or determining our compliance with the Privacy Rule.

Disclosures to You. When you request, we are required to disclose to you the portion of your protected health information that contains medical records, billing records, and any other records used to make decisions regarding your health care benefits. We are also required, when requested, to provide you with an accounting of most disclosures of your protected health information if the disclosure was for reasons other than for payment, treatment, or health care operations, and if the protected health information was not disclosed pursuant to your individual authorization.

Other Disclosures

Personal Representatives. You may exercise your rights through a personal representative. Your personal representative will be required to produce evidence of his/her authority to act on your behalf before that person will be given access to your PHI or allowed to take any action for you. Proof of such authority may take one of the following forms:

- A power of attorney for health care purposes, notarized by a notary public;
- A court order of appointment of the person as the

- conservator or guardian of the individual; or
- An individual who is the parent of a minor child.

The Plans retain discretion to deny access to your PHI to a personal representative to provide protection to those vulnerable people who depend on others to exercise their rights under these rules and who may be subject to abuse or neglect. This also applies to personal representatives of minors.

Spouses and Other Family Members. With only limited exceptions, we will send all mail to the employee. This includes mail relating to the employee's spouse and other family members who are covered under a Plan, and includes mail with information on the use of Plan benefits by the employee's spouse and other family members and information on the denial of any Plan benefits to the employee's spouse and other family members. If a person covered under the Plan has requested restrictions or confidential communications (see below under "Your Rights"), and if we have agreed to the request, we will send mail as provided by the request for restrictions or confidential communications.

Authorization. Other uses or disclosures of your protected health information not described above will only be made with your written authorization. For example, in general and subject to specific conditions, we will not use or disclose psychiatric notes about you; we will not use or disclose your protected health information for marketing; and we will not sell your protected health information. You may revoke written authorizations at any time, so long as the revocation is in writing. Once we receive your written revocation, it will only be effective for future uses and disclosures. It will not be effective for any information that may have been used or disclosed in reliance upon the written authorization and prior to receiving your written revocation.

Uses and disclosures that require an opportunity to agree or disagree prior to use or release. Disclosure of your PHI to family members, other relatives and your close personal friends is allowed if:

- The information is directly relevant to the family or friend's involvement with your care or payment for that care; and
- You have either agreed to the disclosure or have been given an opportunity to object and have not objected.

Note: Your consent may be obtained retroactively in emergency situations.

Section 2. YOUR RIGHTS

You have certain rights in regard to your protected health information. These rights include:

Right for Access to your PHI

Upon your request, the Plans are required to give you access to certain PHI in order to inspect and copy it. If PHI is maintained electronically, it must provide access to the electronic information in the electronic form and format requested. If the form requested is not readily producible, you must be offered another readable, electronic format.

Right to Request Restrictions on PHI Uses and Disclosures

You may request the Plans to restrict uses and disclosures of your PHI to carry out treatment, payment or health care operations, or to restrict uses and disclosures to family members, relatives, friends or other persons identified by you who are involved in your care or payment for your care. However, the Plans are not required to agree to your request. The Plans will accommodate reasonable requests to receive communications of PHI by alternative means or at alternative locations.

The disclosure of PHI to a Plan can be restricted if the disclosure is not for one of the treatment, payment or health care operations activities stated above, is not required by law, and pertains solely to a health care item or service for which the individual (or someone on behalf of the individual) has paid out-of-pocket in full.

You or your personal representative will be required to complete a form to request restrictions on uses and disclosures of your PHI.

Such requests must be sent to:

MPC Benefits
Attn: HIPAA Privacy Officer
539 South Main Street
Findlay, OH 45840
Phone: 419-422-2121
Email: privacy@marathonpetroleum.com

Right to Inspect and Copy PHI

You have a right to inspect and obtain a copy of your PHI contained in a "designated record set", for as long as the Plans maintain the PHI.

"Designated Record Set" includes the medical records and billing records about individuals maintained by or for a covered health care provider; enrollment, payment, billing, claims adjudication and case or medical management record systems maintained by or for a health plan; or other information used in whole or in part by or for the covered entity to make decisions about

individuals. Information used for quality control or peer review analyses and not used to make decisions about individuals is not in the designated record set.

The requested information will be provided within 30 days if the information is maintained on site or within 60 days if the information is maintained offsite. A single 30-day extension is allowed if the Plans are unable to comply with the deadline. You or your personal representative will be required to complete a form to request access to the PHI in your designated record set.

A request for access to PHI must be sent to:

MPC Benefits
Attn: HIPAA Privacy Officer
539 South Main Street
Findlay, OH 45840
Phone: 419-422-2121
Email: privacy@marathonpetroleum.com

If access is denied, you or your personal representative will be provided with a written denial setting forth the basis for the denial, a description of how you may exercise those review rights and a description of how you may complain to the Secretary of the U.S. Department of Health and Human Services.

Right to Amend PHI

You have the right to request the Plans to amend your PHI or a record about you in a designated record set for as long as the PHI is maintained in the designated record set. The Plans have 60 days after the request is made to act on the request. A single 30-day extension is allowed if the Plans are unable to comply with the deadline. If the request is denied in whole or in part, the Plans must provide you with a written denial that explains the basis for the denial. You or your personal representative may then submit a written statement disagreeing with the denial and have that statement included with any future disclosures of your PHI.

A request for amendment of PHI in a designated record set must be sent to:

MPC Benefits
Attn: HIPAA Privacy Officer
539 South Main Street
Findlay, OH 45840
Phone: 419-422-2121
Email: privacy@marathonpetroleum.com

You or your personal representative will be required to complete a form to request amendment of the PHI in your designated record set.

Right to Receive an Accounting of PHI Disclosures

At your request, the Plans will also provide you with an accounting of disclosures of your PHI during the six years prior to the date of your request. However, such accounting need not include PHI disclosures made:

1. To carry out treatment, payment or health care operations;
2. To individuals about their own PHI; or
3. Prior to the compliance date.

If the accounting cannot be provided within 60 days, an additional 30 days is allowed if the individual is given a written statement of the reasons for the delay and the date by which the accounting will be provided. If you request more than one accounting within a 12-month period, the Plans will charge a reasonable, cost-based fee for each subsequent accounting.

Right to Receive a Copy of this Notice

With respect to the Plans, we maintain a website describing our customer service and benefits. On this site, we also post the most recent Notice of Privacy Practices which describes how your health information may be used and disclosed, as well as the rights you have in regard to your health information. To request confidential communications, you must make your request in writing to:

Right to Receive Notice of a Breach

You have a right to receive a notification of any breach of your individual unsecured PHI.

SECTION 3. THE PLANS' DUTIES

The Plans are required by law to maintain the privacy of PHI and to provide individuals with notice of its legal duties and privacy practices.

The Plans are required to comply with the terms of this Notice. However, the Plans reserve the right to change privacy practices and to apply the changes to any PHI received or maintained by the Plans prior to the above date. If a privacy practice or this Notice has a material change, we will post information regarding this change to the website www.myMPCbenefits.com for your review. In addition, a revised version of this Notice will be provided to all individuals, as required. Such revised Notice will be either sent by U.S. Mail, intra-company mail, by e-mail, or a combination of the above.

SECTION 4: YOUR RIGHT TO FILE A COMPLAINT WITH THE PLANS OR THE HHS SECRETARY

If you believe that your privacy rights have been violated, you may file a complaint to the Plans in care of:

Important Notices

MPC is required by law to provide you with certain notices that inform you about your rights regarding privacy, eligibility, enrollment and coverage of health care plans.

Women's Health and Cancer Rights Act of 1998 Notice

The Women's Health Act requires the publication of the following notice annually:

The Plan provides mastectomy coverage and also provides for reconstructive surgery in a manner determined in a consultation with the attending physician and the patient. Coverage includes reconstruction of the breast on which the mastectomy was performed, surgery and reconstruction of the other breast to produce a symmetrical appearance, and prostheses and treatment of physical complications at all stages of the mastectomy, including lymphedemas.

This notice is made solely to satisfy the Act's requirements. The Health Plan has always covered such procedures and in no way does this reflect a change in plan provisions.

Special Enrollment Notice

Special enrollment events allow you and your eligible dependent(s) to enroll for health coverage outside of the Annual Enrollment period under certain circumstances if you lose eligibility for other coverage, become eligible for state premium assistance under Medicaid or the State Children's Health Insurance Program (S-CHIP), or acquire newly eligible dependent(s). This is required under the Health Insurance Portability and Accountability Act (HIPAA).

If you decline enrollment in a medical plan for you or your dependent(s) (including your spouse/domestic partner) because of other health insurance coverage, you or your dependent(s) may be able to enroll in a medical plan without waiting for the next Benefits Annual Enrollment period if you:

- Lose other coverage. You must request enrollment within 31 days, including the date of the loss of other coverage.
- Gain a new dependent as a result of marriage, birth, adoption or placement for adoption. You must request enrollment within 31 days, including the date of the marriage, birth, adoption or placement for adoption.
- Lose Medicaid or Children's Health Insurance Program

(S-CHIP) coverage because you are no longer eligible. You must request enrollment within 60 days after the loss of such coverage.

To request special enrollment or obtain more information, contact the Benefits Service Center at 1-888-421-2199.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependent(s) are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependent(s) are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependent(s) might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependent(s) are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2023. Contact your state for more information on eligibility:

Marketplace Notices

September 1, 2023

Re: Federally-Required Notice Regarding Health Insurance Marketplace Coverage Options

What is this Notice?

The Affordable Care Act (Health Care Reform) requires Marathon Petroleum Company LP (MPC) to provide you with the attached notice. The notice provides information regarding the public health insurance Marketplaces, often referred to as “Exchanges.” Marketplaces are intended to be an online source to compare and elect individual qualified health insurance plans. It is important that you, as an employee of MPC, understand how this option may affect you and your family. To understand the impact here are two important facts.

- MPC is continuing to offer qualified, comprehensive health care coverage to our benefits-eligible employees and their families.
- Almost all MPC employees will find that enrolling in the Company’s Health Plan will be the best option for health insurance. This is because the Company pays approximately 80% of each employee’s Health Plan premium.

What is the Impact?

Marketplace enrollment options are available for all Americans. If purchasing insurance from the Marketplace, the total cost of coverage would no longer include the contribution from MPC. However, a federal premium tax credit (subsidy) may be available to help pay for Marketplace coverage. Eligibility for a subsidy will depend on two factors: 1) Household income; and 2) Eligibility for the Marathon Petroleum Health Plan.

- **If Eligible for the Marathon Petroleum Health Plan for the 2024 Plan Year:**

You do not need to take further action if you are eligible and intend to enroll in the Marathon Petroleum Health Plan. MPC’s Health Plan exceeds the federal standard requiring employers to offer at least minimum value coverage at a generally affordable level. Therefore, you and your family members will not receive a government subsidy if you are also eligible for MPC’s Health Plan, unless the premium for Employee-Only coverage exceeds 9.5% of your household income.

- **If Not Eligible for the Marathon Petroleum Health Plan for the 2024 Plan Year (for example — most Casual employees):**

You may access the plans available in the Marketplace in your state at www.HealthCare.gov. The attached notice contains information that you will need to enroll in Marketplace coverage. For answers to questions, call 1-800-318-2596 or visit www.HealthCare.gov.

Health Insurance Marketplace Coverage Options and Your Health Coverage

Key parts of the health care law became effective in 2014 and there is now a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in November 2023 for coverage starting as early as January 1, 2024.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.¹

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution -as well as your employee contribution to employer-offered coverage- is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

Here is some basic information about health care coverage offered by Marathon Petroleum Company LP:

The coverage your employer offers to eligible employees meets the minimum value standard, and the cost of this coverage is intended to be affordable, based on employee wages.²

- Eligible employees are:
 Those who work on a regular, full-time basis (at least 40 hours per week or 80 hours on a biweekly basis) or Regular Part-time basis (at least 20 hours but less than 35 hours per week and not on a time, special job completion, or call when needed basis). If regular, full-time employee’s normal work schedule is reduced to 20 hours or more per week due to a bona fide health problem or a disability, such employee remains eligible for employer’s health plan.

Eligible employees also include those hired as a casual employee who are anticipated to work a minimum of 30 hours per week for at least three months, a Casual employee who has worked an average of 30 or more hours per week during an initial measurement period (one year from date of hire), and a Casual employee who has worked an average of 30 or more hours per week during an ongoing measurement period (first full pay period in October looking back 12 months).

Specifically excluded from eligibility are leased employees and independent contractors. Also excluded are Casual employees and other employees not designated by the Company as “Regular” employees who work on a full-time or part-time basis who do not meet the work hour requirements described above.

- Eligible dependents are:
 Spouse or domestic partner; children through end of month in which they turn age 26, including natural children of the first degree, children of domestic partner, legally adopted children and children placed for adoption, stepchildren, and children whose parents are both deceased and who permanently reside with employee and for whom employee has legal custody; Dependent Disabled Children age 26 and over but less than age 65, who are primarily dependent on member for support, and who became disabled before reaching the age of 19 and were covered under the Plan when they reached at 19; or, who became disabled between the ages of 19 and 26 and were covered under the Plan when they became disabled.

² Even though this coverage is intended to be affordable, you may will be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount. If you decide to shop for coverage in the Marketplace, HealthCare.gov will guide you through the process.
