I. Purpose

Marathon Petroleum Company LP (Company) has established the Marathon Petroleum Wellness Program (Program), a health promotion program, to provide employees and their families with a variety of opportunities to improve health.

II. Classes of Membership and Eligibility

A. Employee Member

Employees who work on a Regular “full-time” or Regular “part-time” basis. For purposes of benefit eligibility, Regular “full-time” basis means the employee has a normal work schedule of at least 40 hours per week or at least 80 hours on a bi-weekly basis. Regular Part-time means the employee is a non-supervisory employee who is employed to work on a part-time basis (minimum 20 hours but less than 35 hours per week), and not on a time, special job completion or call-when-needed basis.

The following are specifically excluded from eligibility to participate in the Program:

- Casual employees (including Co-ops and College Interns) and common law employees,
- Who have not been designated by the Company as Regular employees who work on a full-time or part-time basis are excluded from eligibility to participate. Specifically excluded from eligibility to participate in the Program are any Individuals who have signed an agreement, or have otherwise agreed to provide services to the Company as an independent contractor, regardless of the tax or other legal consequences of such an arrangement, and
- Leased employees compensated through a leasing entity, whether or not the leased employee falls within the definition of “leased employee” as defined in Section 414(n) of the Internal Revenue Code.

B. Dependents

Eligible dependents are covered on the same date as that of the member or on the date such dependents are acquired, whichever is later. Eligible dependents are:

1. Spouse

The spouse of an Employee Member is an eligible dependent under the Program. Lawful spouse shall also include a common law spouse established under the laws of a state in which common law marriage is legal and for which the member can provide confirmation of such common law marriage as required in the Marathon Petroleum Affidavit of Common Law Marriage form.

2. Domestic Partner

The qualified domestic partner of an Employee Member is an eligible dependent under the Program. Employees must meet the requirements established in the Marathon Petroleum Affidavit of Domestic Partner Relationship form before the domestic partner can be an eligible dependent under the Program.
3. **Children**

Children, up to age 26, are eligible dependents under the Program. Children include:

- Natural children of the first degree,
- Legally adopted children, and children placed for adoption,
- Stepchildren,
- Children, whose parents are both deceased, and for whom you have legal custody as determined by a court of competent jurisdiction and whose permanent residence is with you,
- Children (up to age 26) of a qualified domestic partner, whom the employee has met the requirements established under the Marathon Petroleum Affidavit of Domestic Partner Relationship, and
- A dependent disabled child who has reached age 26 but is less than age 65 and is incapable of self-support due to a mental or physical disability if the child became disabled before reaching the age of 26.

From time to time you may be required to verify the eligibility of any dependent you have covered under the Program when requested by the Program or a claims administrator.

Article V lists the benefits available under the Wellness Program and the persons eligible to participate in each type of benefit program.

### III. **Effective Date of the Program**

Employees and eligible dependents that have been recorded on the HR Data System are automatically enrolled on the first date of the employee’s employment or when a dependent is acquired and added to the system; however, eligible dependents must be in the HR Data System to receive benefits. You may contact the Benefits Service Center to confirm or add dependents to the HR Data System by calling 888-421-2199 or emailing benefits@marathonpetroleum.com.

**Transferring Among Eligible Employee Subsets**

If you are employed by an employer within the controlled group to which MPC belongs, but not included in an eligible employee subset of participating companies and organizations, as identified in Appendix A, and then subsequently become an employee in an eligible employee subset during the program year, you will automatically be enrolled in the MPC Wellness Program effective the date of transfer.

### IV. **Contributions**

The cost of the Wellness Program is paid entirely by the Company, except for fees which exceed the program reimbursement levels.
V. Benefit Coverage Under the Wellness Program

Wellness Program benefits are administered jointly by Marathon Petroleum Health Services and its partner, HealthFitness. The website used to access this program is www.mympcwellallways.com.

Benefits under the program include:
- Health Assessment
  - Employee Member, Spouse, Domestic Partner
- Wellness Expense Benefit
  - Employee Member, Spouse, Domestic Partner, Children
- Weight Watchers™ Weight Management
  - Employee Member, Spouse, Domestic Partner
- Tobacco Cessation
  - Employee Member, Spouse, Domestic Partner
- HealthFitness Health Programs
  - Employee Member, Spouse, Domestic Partner

A. Health Assessment

The Health Assessment is designed to educate eligible members on the benefits of good health. The website www.mympcwellallways.com links the individual to a questionnaire that obtains general information about an individual’s health and life style. It then uses this information to evaluate the person’s current health status and to make recommendations for improvement by providing an invitation for participation in HealthFitness’ online programs.

Personal health information that you enter into the website is not accessible to anyone at the Company. Company employees who oversee the wellness program do receive information needed to administer the program incentives and reports showing aggregate results of the Health Assessment and program participation to identify trends and more accurately target wellness activities for the population as a whole. The Notice found on the login page to the Well ALL Ways website (www.marathonpetroleum.com/mympcwellallways/Wellness_Notice_2017.pdf), provides additional information regarding the privacy of the personal health information submitted through the Health Assessment. As an incentive to complete an annual Health Assessment, the Program will pay an Employee Member $50. This amount will be paid once the Company is notified by HealthFitness that the employee has successfully completed the annual assessment as posted on the www.mympcwellallways.com website. The payment will be made through Marathon Petroleum Payroll and be subject to the employee’s normal payroll taxes.

Payment is limited to one $50 amount each calendar year. Also, the incentive is available to Employee Members only. Other eligible individuals (spouse and domestic partner) are encouraged to complete the assessment, but will not receive the incentive payment.
B. Wellness Expense Benefit

To be eligible for any Wellness Expense Benefit reimbursement in a particular year, the Employee Member must successfully complete a Health Assessment during that calendar year. Employees are required to complete the annual Health Assessment between January 1 and December 31 to access the Wellness Expense Benefit for that year.

The Wellness Expense Benefit is designed to assist with payment for fitness and exercise club memberships, and activities and classes that fulfill the primary purpose of fitness including aerobic exercise, flexibility, and/or strength training.

Reimbursement amounts are as follows:

- Maximum annual reimbursement for a single Employee Member is $200, and for an Employee Member with dependents, $350.*
- An additional $200 toward behavior weight management through Weight Watchers™ (see section C below).

* Note: An Employee Member will be eligible for the $350 reimbursement if the Employee has a Spouse/Domestic Partner and/or any children.

To qualify, all fitness and exercise club memberships, as well as activities and classes, must meet the criteria noted above. The Marathon Petroleum Medical Director’s office has the authority to determine what courses, programs and fitness facilities will be eligible for reimbursement. The Well ALL Ways website contains additional information on the items which are and are not reimbursable. It is advisable to contact Health Services at 1-866-808-5706 before registering for a class, an activity or purchasing a membership that is not listed as qualified.

Employee Members and dependents must be eligible for the Program at the time of registration, payment and participation in a qualified activity or membership. Memberships and activities enrolled in prior to date of hire or after termination or retirement do not qualify for reimbursement. Requests for reimbursement are made by submitting proof of payment and a completed Well ALL Ways Reimbursement Form to Health Services or as directed by Health Services. The electronic reimbursement form and what qualifies as proof of payment can be found by several access points.
